Thursday, 09 December 2010 03:07 - Last Updated Monday, 17 June 2019 06:05

The MTC was established in 1970 and is a pioneer in the professional development of maritime officers and crew. As part of the Magsaysay Learning Group, MTC provides quality training for the Philippine and International Maritime Industries that fully comply with the international standards. In line with its mission to provide quality and cost effective trainings, MTC uses state-of-the-art facilities and equipment backed by highly qualified instructors and trainers in its training campuses in the Philippines and Indonesia.

Magsaysay Training Center envisions itself becoming the leading provider of maritime training solutions by consistently providing excellent training services to its clients globally.
