UPGRADING TRAINING FOR OILERS AND

4 TRAINING DAYS
(2 DAYS LECTURE
2 DAYS PRACTICAL)

**MAXIMUM OF
10 TRAINEES
PER SESSION ONLY**

**OPEN FOR
ENGINE RATINGS**

**ENTITLED
A CERTIFICATE
OF COMPLETION**

Simulator / Facility

Trainees' understanding of the topics discussed in this course is enhanced through the utilization of Mitsubishi Diesel Plant Simulator that is interfaced with actual modern control system installed on board Japanese-designed vessels. Trainees will also have access to our workshop area which is equipped with a diesel engine.

Reasons to Attend the Course

The course provides upgrading training for Ratings (Oilers, Wipers) to enhance their general watchkeeping, troubleshooting skills and understanding of engine room operation along with the communications and administrative operations. This will enable them to effectively assist the Engineer Officer on Watch. After completing the course, trainees will be able to gain knowledge and understanding on the competences prescribed in Section A of the STCW Code 1978, as amended.
